

Teton Nordic Ski School COVID-19 Precautions & Requirements:

Before and during our lessons, Teton Nordic Ski School will make every effort to **maximize the safety of our students and instructors.**

While operating during the COVID19 pandemic, it's impossible to completely remove the risk of virus transmission. However, we can **minimize risk of transmission by working together!**

- Group lesson size is limited to 8 students and 1-2 instructors.

- Instructors and students will be required to properly wear a face covering such as a surgical mask or double layer buff that fully covers the nose and the mouth while in the presence of others when six feet of physical distancing is not possible or hard to maintain. This will likely be during our initial check-in and introductions. When out on the ski trails, face coverings should be at the ready, if we need to group up for closer proximity instruction.

- Please reschedule your lesson if you are sick or have been in close contact with someone known to have tested positive for COVID-19 within the past 14 days.

- If you are unable to tolerate wearing a face covering for the duration of the lesson check-in, introductions, and when necessary out on the trails, you should delay your participation in a lesson until your condition changes or the requirement is removed.
